Amen.

THE JOURNAL

The SPEAKER. The Chair has examined the Journal of the last day's proceedings and announces to the House his approval thereof.

Pursuant to clause 1, rule I, the Journal stands approved.

PLEDGE OF ALLEGIANCE

The SPEAKER. Will the gentleman from New York (Mr. HIGGINS) come forward and lead the House in the Pledge of Allegiance.

Mr. HIGGINS led the Pledge of Allegiance as follows:

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all.

ANNOUNCEMENT BY THE SPEAKER

The SPEAKER. The Chair will entertain up to 15 requests for 1-minute speeches on each side of the aisle.

THE IRANIAN DUCK

(Mr. POE of Texas asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. POE of Texas. Mr. Speaker, Iran continues to inch closer to making its nuclear ambitions a reality.

The administration wants Israel to give diplomacy more time, but Prime Minister Netanyahu said, "pressure on Iran is growing, but time is growing short."

For Israel, a nuclear armed Iran threatens its very existence. Ahmadinejad says he wants to wipe Israel off the face of the Earth, and this radical extremist means what he says.

Israel will do what it has to in order to be master of its own faith, with or without the United States. Unfortunately, the days of full trust between the U.S. and Israel seem to be on shaky ground.

Netanyahu said:

I will never let my people live in the shadow of annihilation.

If it looks like a duck, walks like a duck, and quacks like a duck, it's a duck. But this duck is a nuclear duck, and it's time the world started calling a duck a duck.

Mr. Speaker, America must totally get behind our friend and let the Iranian duck know whose side we are on.

And that's just the way it is.

LET'S WORK TOGETHER

(Mr. CICILLINE asked and was given permission to address the House for 1 minute.)

Mr. CICILLINE. Madam Speaker, I rise today to discuss an issue that is very important to the hardworking men and women in my home State of Rhode Island. Rhode Islanders learned yesterday that our workforce has grown smaller and our unemployment rate sits at 10.9 percent, the third highest in the Nation.

While some may struggle to see these problems from the steps of the Capitol, I hear frequently from constituents who can't understand why the House still has not considered a comprehensive jobs plan. That's why I and many of my colleagues have been working hard on legislation to put Americans back to work, including our Make it In America agenda to help reinvigorate American manufacturing.

We also need to start developing new ways to repair America's infrastructure and new ways to finance it, like a national infrastructure bank, a modern-day version of the WPA, and provide much needed help to small businesses and entrepreneurs. Yet the House leadership has stood in the path of progress on these issues.

Rhode Islanders know that Congress can do better. We need to work together and get these things done and get the American people back to work.

HIGHER GAS PRICES ARE HURTING OUR SMALL BUSINESSES

(Mr. WILSON of South Carolina asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. WILSON of South Carolina. Madam Speaker, since the President was sworn into office in January of 2009, gas prices have risen drastically by 156 percent. This fact shows the President's energy policy is failing our country and destroying jobs.

According to the National Federation of Independent Business, rising energy costs are a constant struggle for our small business owners. Our small business owners are already threatened with the rising cost of health care due to the mandates in the government takeover health care bill.

Instead of supporting effective energy policies that will lower the price at the pump, this administration has decided to delay the Keystone pipeline, a project that will create over 100,000 jobs at no taxpayer expense. If completed, this project will dramatically decrease our dependence on foreign oil and provide relief with energy costs for every small business.

In conclusion, God bless our troops, and we will never forget September the 11th in the global war on terrorism.

HEZBOLLAH IN THE WESTERN HEMISPHERE

(Mr. HIGGINS asked and was given permission to address the House for 1 minute.)

Mr. HIGGINS. Madam Speaker, I rise to express my concern about the pres-

ence of Hezbollah in the Western Hemisphere.

In the Homeland Security Committee, we've heard from experts who testified that Hezbollah, which is a terrorist proxy for Iran, Syria, and Venezuela, has an active membership in 14 North American cities, including Toronto, which is 90 miles from my west-end New York home.

Some dismiss this concern by saying that their activities are limited to fundraising. This is not comforting.

Madam Speaker, I have joined with my colleague, JEFF DUNCAN, to introduce H.R. 3783, the Countering Iran in the Western Hemisphere Act. Our legislation would call for the State Department to investigate Hezbollah's presence in the Western Hemisphere and to create a long-term strategy for keeping our communities and our Nation safe.

Madam Speaker, I'm pleased to say that this bipartisan legislation was unanimously passed in the subcommittee. As this bill moves through the House, I urge my colleagues to support our legislation to combat this growing threat.

PASS OUR JOBS BILL

(Ms. JENKINS asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. JENKINS. Madam Speaker, it has been 4 years since the height of the Great Recession and our economy is nowhere near where it should be. Unemployment continues to hover around 8 percent and thousands upon thousands of hardworking Americans have left the job market altogether.

After the President killed the Keystone pipeline, gas prices have skyrocketed, and, by some estimates, more than 20 percent of homeowners are underwater on their mortgages.

Madam Speaker, Americans need real jobs, real solutions, and real results, not the unprecedented, unacceptable, and unsustainable wasteful Washington spending some of our colleagues continue to promote. It's time Washington started protecting and respecting the hardworking American taxpayers. We need a system where their hard work is rewarded and every American has a chance to succeed.

I urge the Senate and the President to pass our jobs bills and work with us to get the American people back to work.

IT'S TIME TO GET RID OF THE SPECULATORS

(Mr. DEFAZIO asked and was given permission to address the House for 1 minute.)

Mr. DEFAZIO. I paid \$4.01 a gallon at home in Oregon last weekend. There's a lot of people who've got long-term plans, drill now, drill here, drill everywhere, conservation, whatever. They
